Abellera, Charles Justin V.

1 BSCS – A

- **Title of Website**: Lakbay sa Pinas
- **URL of Website**: https://lakbaysapinas.000webhostapp.com/

Note: Sometimes it doesn't work on other chrome/browsers. What I'm doing is changing the DNS server into OpenDNS on google settings.

- **URL of the Github repository**:
  https://github.com/CharlesJustinAbellera/IntroToComputing-Website-Project
- **Brief Description**:

This website is intended to boost the tourism industry of the Philippines. Destinations, events, history, and other information related to the Philippines can be seen in this website. From stunning beaches to cultural hotspots, we've got it. "Lakbay sa Pinas" is like your travel buddy, helping you plan the perfect trip without the headache. Let's make your Philippine adventure easy, fun, and filled with amazing memories!
